COMFORT MAT

Happiness at work

DESIGNED FOR  DANISH STANDARDS

Comfort Mat

Prevents fatigue and pain in feet, legs, and back caused by standing work postures.

Provides comfort and well-being that encourage changing working posture, which increases blood circulation and helps prevent tension.

The mat is constructed with a very strong core that provides a springy effect and does not 'collapse' over time.

The completely smooth, antibacterial surface makes the mat easy to clean and very comfortable to stand on. The underside is designed so that the edges always lie flat on the floor.

The mat is durable, washable, water-repellent, and puncture-free.

Data overview

- Dimensions: 76.2 × 1.9 × 51 cm.
- Dimensions XL: 180 × 1.9 × 60 cm
- Material: Eco-friendly polyurethane
- Warranty: 5 years

Custom FIT

Individual Workplace Adjustment

Your employees are different and work differently. With a Custom FIT, we review each employee's workplace with the aim of ensuring optimal working conditions for the individual.

A Custom FIT includes an ergonomic review of the employee's body position in the working situation, with special focus on the back and neck, where many experience problems. At the same time, we make measurements and observations in relation to air, light, and sound.

During the review, we primarily solve the challenges that can be handled with a better arrangement of the existing work tools. This may involve adjusting the chair, desk height, or rear-

ranging items on the desk. In addition, we guide the employee on what they themselves can be aware of in relation to maintaining a good work posture.

After reviewing all employees' work situations, we compile a set of recommendations for the management with initiatives that will optimize the working conditions for each individual.

BONUS:

With all Custom FIT reviews, we provide a package with tools for light exercises throughout the work day.

Ergonomic Review

A review takes approximately 15-20 min. per employee. If something can be corrected on the spot, we do it together with the employee.
